

# Instructions

Welcome to use this product, this product supports QC3.0, PD2.0 and 10W wireless charging.

## 1. Charge the power bank:

- (1) Use 5V2A charger to charge through MicroUSB interface;
- (2) Use QC3.0 charger that supports 9V2A or 12V1.5A to quickly charge through MicroUSB interface;
- (3) Use the PD2.0 charger that supports 9V2A or 12V1.5A to quickly charge through the TypeC interface;

## 2. Charge your mobile phone or other devices:

- (1) Charge the device through the MicroUSB interface 5V2A mode;
- (2) Use the QC3.0 mode of 9V2A or 12V1.5A to quickly charge the device through the MicroUSB interface (requires the device to support QC3.0);
- (3) Use the PD2.0 mode of 9V2A or 12V1.5A to quickly charge the device through the TypeC interface (requires the device to support PD2.0);
- (4) Charge the device via wireless charging 5W or 10W mode;

## 3. Product Specifications:

Capacity	10000mAh
Micro Input	DC 5V/2A
Type-C Input/Output	DC 5V/3A 9V/2A 12V/1.5A (MAX 18W)
USB Output (QC3.0)	DC 3.6V-12V
Wireless Output	10W/7.5W/5W
Wireless Distance	0-8mm
Power Display	Yes
Efficiency	More than 75%

Warranty	1 year
----------	--------

**Note: The output will drop to 5V when two devices are connected at the same time.**

**4. Packing List:**

- (1) Power Bank\*1PC
- (2) 1m MicroUSB Cable\*1PC
- (3) User Manual\*1PC

**5. Safety Precautions:**

- a. Please do not drop this product from a height, otherwise it may cause damage to the product;
- b. Please do not hit or disassemble this product, otherwise it may cause product damage;
- c. Please do not place this product in fire or water, otherwise it may cause product damage;
- d. Please use the correct charger according to the instructions, otherwise it may cause damage to the product;
- e. The mobile phone cannot be more than 8mm away from the mobile power during wireless charging.
